The Oral Proficiency Interview (OPI) is a standardized, global assessment designed to test functional speaking ability and pragmatic language skills. It can be administered either in person or via telephone in the form of a conversation between the tester and the test-taker. The AOC requires that court interpreter applicants pass this assessment test as part of the certification process in order to ensure that all interpreters have the requisite bi-lingual skills to provide quality interpreting services in various legal settings.

Applications will be processed on a first-come, first-served basis. You must contact Court Interpreting Services to schedule testing dates.
